At a special meeting held by the stockholders of the Concordia creamery company, Monday, it was decided to build a new creamery building. The building will be fire proof; it will have concrete floors and a slate roof and will be modern and up-to-date in every way. Work on the new creamery will be begun within a few weeks in order that it may be completed before winter commences. For several years the output of the creamery has increased 3000 pounds of butter per year and the company has market for a much larger quantity of its product, which proves that quality is combined with quantity.

A Cure at Last For All Diseases of the Kidneys, Liver, and Bowels.

I want all of my friends and customers who suffer from backache, a day and liver disorders to try a box of Swain's Backache, Kidney and Liver Cure, "free" as it is certainly. Godsend to those that suffer from the above named diseases. I have made arrangements with the Swain-Medicine company of Kansas City, Mo., to give out one hundred, and fifty full size boxes "free" to prove the curative properties, and knowing of the merits and cures it has made over a long time had failed, I consider myself lucky in getting the right for this "cure", and I urge for your own good health that you do not delay but come at once, and get the first box "free" and learn the strong "guarantee" on six boxes of this cure. No other firm or proprietary medicine company has authorized me to offer to absolutely "guarantee" a kidney and liver cure, for you know that is a very difficult disease to handle, but they actually cure or benefit ninety-nine out of every one hundred, and that is why they authorize me to make this strong "guarantee." You understand that I have only one hundred and fifty boxes, and cannot get any more free, so I want to ask that those that are bothered with the many diseases that this "cure" is absolutely guaranteed to cure to come at once as they will not last very long at the present rate they are going. Very Truly Yours, LEROY FARMER.

CLERK BOARD OF HEALTH

Of Jacksonville, Fla., Endorses Peruna.

C. D. TAYLOR.

C. D. Taylor, Clerk of the City Board of Health of Jacksonville, Fla., has occupied that position for the last ten years. In a recent letter to the Peruna Drug Mfg. Co., he expresses his approval of their famous catarrh remedy Peruna in the following words:

"The health of the poor of a large city is always a question of vital interest not only to the city officials but to every citizen. It has been a source of much satisfaction to me to find that so large a number of working people in moderate circumstances have accepted Peruna as their family medicine. It has cured a large number of cases especially of catarrh of the head, lungs and stomach and building up the general health it cannot fail but prove a help and blessing to any community where it is generally adopted and used. I have found it an honest reliable remedy and am pleased to endorse it."—C. D. Taylor, Clerk, Board of Health.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
